

## A Challenge To America's Newspapers

### New Stamps From Argentine

The cover illustrated above bears four of the new 30c carmine Day of Universal Thrift Saving Stamp, as listed in the Postage Stamp Parade column of this week. This is a first day of use cover.

### Air Mail Booming, Increase In Tonnage Becomes Enormous

Led by San Francisco, Calif., which had a gain of 82.72%, 28 regional offices reported increases of 1,434,123 pounds in air mail dispatched in October over the previous month, a jump of 40.68%.

Based on figures from these offices, which handle 70% of the nation's air mail business, an estimated 212,538,510 pieces of mail were carried over domestic air-lines during October under the 5-cent rate, an increase of almost 61,500,000 over September when the 8c rate was in effect.

Postal officials were confident that corresponding gains would be recorded in the months to come.

Gael Sullivan, Second Assistant

Postmaster General, who has charge of air postal transport, declared that the future of air mail offers unlimited possibilities.

"Under the new 5-cent domestic and low-cost international air mail postage rates, we are witnessing the beginning of a tremendous surge in the air transport field. The elements of time and distance are no longer obstacles and it is inevitable that postal patrons will turn to this speedy and efficient means of mail transportation. I feel certain," Mr. Sullivan stated, "that within a few years we shall more than treble our present air mail loadings."

### PHILATELIC CONGRESS SPECIAL CANCEL

Collectors who collect cancels will want that one from the 12th Annual Philatelic Congress at Boston. It is a splendid cancel and such copies as we have seen thus far are neatly and clearly stamped on the covers. The prize piece being over a block of six of the half cent orange Franklin, which makes a piece that would be irresistible to every cancel collector. Our thanks to you who so kindly remembered us with covers for this event.

### New York Collectors Help Worthy Project

We have a letter from Mr. Norman A. Pullen, Senior Supervisor of Thomas Indian School of Iroquois, N. Y. Perhaps a lot of collectors in New York will think that all the Indians in this country are out west, but here is evidence that you have a lot of them on your own door step and we all know what good citizens many of these people have become.

Mr. Pullen is in charge of the boys at this school and is trying to interest them in stamps and stamps collecting. He needs gifts of stamps, albums, catalogs and any other supplies that will be useful. We think New York State collectors can handle this job by themselves and you can address Mr. Pullen as above. Do not let them down.

### FIRST FLIGHT COVERS HAVANA TO NEW ORLEANS

From Dr. Ernesto Bello of Havana, Cuba, we have a cover on the first flight of a new air mail service from Havana to New Orleans. The cover bears a back stamp of the Cuban Post Office with date of November 1st, for identification, but lacks any cachet on the front.

Use Greatest Amount Of Advertising Space  
Ever Carried In Any Single American Paper

By George W. Linn

Stamp collecting and all its many ramifications is still much of a mystery to the average leg man or feature writer of the daily newspapers of America and too often, any reference to the hobby and things associated with it are so garbled and inaccurate that both the public and the collector are misled. Likewise, with all the flare for accuracy and detail that enters into Motion Picture production and Radio script that is associated with stamp collecting, much of it is laughable to the real Philatelist who knows his stamps and knows the vital points of the hobby.

### Facts Misrepresented On New Mexico Stamp

Referring to the article on page 11 of Linn's Weekly for November 7, pointing out that one of the horses on the Stephen Watts Kearny Exposition stamp has only three legs:

This is not the only error on this stamp. If I can count, the flag depicted has twenty-eight stars, indicating a nation of twenty-eight states. Arkansas, the twenty-fifth state to be admitted to the union, was admitted on June 15, 1836; therefore at the time of the entry into Santa Fe there could not have been in excess of twenty-five states in the Union.

—C. E. Stiks

### Well Known Wood Stock Purchased By Wakonda

The late Arthur C. Wood of Detroit was well known among the stamp dealers of America as a source of much current and older issues of U. S. Stamps. Mr. Wood accumulated this material in a systematic manner and was usually able to supply most anything of recent years.

His death on September 19th, ended a career and closed a source of supply that was dependent and reliable. The Wakonda Stamp Company, well known in the wholesale world of U. S. stamps, has purchased the remains of this great stock which consisted mainly of earlier U. S. up to 1930 also much in foreign collections and packet material.

## A CHALLENGE TO AMERICAN NEWSPAPERS

(Continued from page 1)

story of Philatelic News in the daily press.

What this article wants to point out is that Stamps and Stamp Collecting deserves a better break and more attention from the daily papers of America, for stamps and stamp dealing are definitely big business as is evidenced by the sixty solid pages of paid advertising that are carried in this number of Linn's Weekly Stamp News by the great Gimbel Stamp Departments. What Newspaper can boast of any line of business in the retail trade that has ever used such an enormous volume of paid advertising in any newspaper or magazine? When we add the advertising that appears from other stamp dealers in the remaining 16 pages of this issue of Linn's Weekly, we have a still greater volume and again Linn's Weekly leads any and all other Philatelic Publications in the entire world for the largest volume of paid advertising ever appearing in any stamp collectors publication.

To those unfamiliar with the Gimbel Stamp Department which is located on the ground floor of the great Gimbel store at the corner of 33rd street and Broadway in the heart of New York City, it may be difficult for them to realize that a stamp department will rate so high in the volume of

business done by such a store that it is given such outstanding and important first floor space.

The genius behind this great stamp business is Mr. Jacques Minkus, loved and liked by all who know him. While we have said but little about this great Philatelic figure in this article, we can point to the story of Jacques Minkus as published in our issue of last week. This story should be an inspiration to every stamp dealer in America and alike to every collector who has an ambition to become a stamp dealer and there are many such as our own knowledge tells us.

If you have not yet read the story of Jacques Minkus, hunt up your issue for last week and read it now.

Last year when we printed a 36 page section of advertising for the Gimbel Stamp Department, we heard rumors and rumblings from various sources to the effect that other stamp dealers might feel submerged to have advertising in the same issue with such a large volume of copy from the Gimbel Stamp Department. Altho as we state, we heard rumors and rumblings, they turned out to be just that and no more.

This year the number of pages used is almost doubled that of last year. These pages are going out as a part of the weekly and in addition 30,000 copies of the Gimbel Stamp News are being printed. Most of these are being mailed by our office here in Sidney, a number will be shipped to both New York and Philadelphia for distribution over the counter and to new names received by the stamp departments in both the New York and Philadelphia stores.

Every stamp dealer in America has as much reason to feel pride in this issue of the Weekly with this vast amount of advertising as does Jacques Minkus, for it is a monument to our hobby that is bigger than anything else that has ever been done through a stamp collectors publication. Other dealers can point with as much pride as can Jacques Minkus, to these 60 pages of advertising and of advertising and ask their customers if they ever had the vision of seeing so much publicity for the hobby, they can point out that such a volume of advertising will create interest, create new collectors, create enthusiasm and publicity that will react all along the line and all through our hobby.

Here every stamp dealer can proudly display the pictures and the listings of all the stamps in this big publication and the interest of the customer in your shop will encourage him to want to buy, and being in your shop at that time, he will but naturally, inquire for the wanted stamps.

What other line of business in America can carry so much advertising as is shown in this one mammoth issue of the weekly. Words fail us in trying to describe this event. We sometimes wish for the gentleman of the Sawdust Ring, that man who prepared the posters and the advertising literature for the great circus publicity that contains so many extravagant claims about the gigantic, the colossal, the stupendous.

Yes, this piece of advertising, is yours, Mr. Stamp Dealer, just as much as it is that of Gimbel's Stamp Department. You too should feel an immense pride in a hobby that can and does do things in such a big way.

Babies, Babies, everyone loves them, and you will find it enjoyable, especially if you are a Mom or Dad to form a sideline collection of stamps that feature a baby in its design. Such a collection can be made into an attractive frame for wall, or as a baby book. Exhibited to your non collector friends, it is a subject that they can all understand and appreciate. Some of the babies depicted on stamps are blue bloods, the offspring of royalty, some are famous personages, and some are orphans, but as babies Mothers and Dads alike will attest they are lovable and interesting. The manner they bill and coo, their glee, their chubbiness, their first steps, their ability to dispose of a bottle, and do you recall how carefully you watched their weight as they grew ounce by ounce and pound by pound? All this will pass in review for all the above and many other things that occur in the life of a baby are pictured on stamps.  
To start at the beginning, I select Czechoslovakia SP4 and SP5 which pictures a midwife presenting the new born child to its father. Denmark SP4 pictures

Princess Ingrid and a chubby baby in arms, and Russia A264 shows a nurse weighing a baby as the happy mother proudly watches. But for some real enjoyment turn to the postal tax issues of Turkey. The credulous look of the baby on PT9, the feeding process on PT11, the bottle juggling act on PT29, and other familiar infant operations make these Turkey issues of especial interest to the Collector forming a Baby collection.

As your collection forms you will also see some different ideas in infant transportation, as well as handling ideas in other countries. There is a cute Italian Bambino on Italy No. 207, and missionary work among natives will be found on Congo SP3, Dutch Indies SP22, Dahomey SPA3, Madagascar SPA1, and Italian Somaliland A11.  
Among the latest issues that portray babies are Algeria B39-42, Norway B41, Finland B67, Greece RAB2, RAB3, and Germany B246. As individual stamps those picturing babies are a bit more expensive than regular issues for the majority of them are on semi-Postals or postal tax issues. But then, did a baby ever come cheaply in addition you have the satisfaction of knowing that indirectly part of the money which you use to purchase these stamps in mint condition goes for child welfare in the country of its stamp issue. Babies there are no different than babies here.  
Just how many varieties such a collection would or should include depends on the individual. I started to make a check list to accompany this article, but found it difficult to choose what to include and which to omit. Perhaps you will want only babies in arms, or perhaps some a little older, or you may even graduate to children. You will find them all there, and I am certain your favorite dealer will be glad to assist you in developing the collection.

**THE BOY COLLECTED ONLY PLATE BLOCKS**  
Mrs. Alvin S. Eichorn of Shaker Heights, Ohio, tells this one on her seven year old son who evidently is a specialist in plate number blocks. Says Mrs. Eichorn, "The other day I opened the wrapper on a bar of chocolate and asked my seven year old son if he cared for any. He looked the squares over for a moment and then said, 'I'll take just the plate blocks off of it, Mommy,' and proceeded to break out the four corner squares."

The Goddess of Peace, pictured here, holds a sword in her right hand, symbol of Italy's military power (rebellious natives take warning!); while the spade in her left hand symbolizes development of colonial agricultural resources. That was back in 1925, Italy's loss of her colonies following World War II lends added interest today to this handsome issue. We offer it below, from the five Italian Colonies, at a wonderful bargain price — but only one to a customer. An attractive approval selection featuring other fine stamp bargains will be included.

## Philatelic History Made This Week

Although we have used our first page to call attention to the great bit of advertising that is being done through the columns of this paper, this week, also of the mailing of special reprints of the 60 pages of *Gimbels Stamp Department* advertising, we can not refrain from again mentioning this remarkable bit of Philatelic publicity in our editorial columns. More than 23,000 copies of *Linn's Weekly Stamp News* are now being printed every week. In addition to carrying the sixty pages of *Gimbel* advertising to our more than 23,000 readers, the same sixty pages are being reprinted as *Gimbels Stamp News* and the edition is 30,000 copies, making a total of over 53,000 copies of this mammoth price list, the largest single piece of advertising ever published by any stamp paper and perhaps the largest single price list ever issued by any stamp dealing firm.

As we pointed out in our front page story, this is to the credit of the stamp trade as a whole and should be an incentive and an urge to other dealers to strive for the success that has come to this man who made such tremendous strides in the stamp trade in America.

Jacques Minkus is a man who has succeeded in his chosen field, his success can be duplicated by others who have the foresight and the urge and the ability to do things on a big scale.

*Linn's Weekly* is proud of this issue of the weekly for through this great volume of advertising, it will stand as a monument to our hobby, to its stability, its universal appeal to so many people and every collector and dealer can share in this pride of our hobby.

Extra copies of this issue have been printed, we will be glad to address one to any of your friend collectors or you can secure direct from *Gimbels Stamp Department*, 33rd Street and Broadway, New York 1, N. Y., a copy of the sixty page special which they will gladly mail.

## Our Survey Of Mail Delivery

Some astounding answers have been received to our inquiry as to what date you received your copy of the October 31st issue of this paper. The number of replies runs into a very large number, we have not as yet had time to check and count them, but we intend to make a complete report on this matter later.

We learn that much of our California mail is delivered ahead of New York City mail. We learn that it takes as much as five or six days to get delivery of our paper to small towns within a radius of 25 miles of Sidney. Surely the postal system is a remarkably agile business. There seems to no explanation other than that the delay in the bulk of the instances is due wholly to delay after the papers have reached the local offices for distribution. This means but one thing.

Here is an explanation from one reader who says, "For some unknown reason, we readers here on the west coast receive the *Stamp News* long before your readers in Ohio and New York get their papers."

Another gentleman writes "I spent seven years as a postmaster at the local postoffice in \* \* \* \* and know how almost impossible it is for a postmaster to get sufficient help. So I know the fault is not in the individual post office, but at Washington. When we take the post office out of politics, or perhaps politics out of the Post office, we will get service, but not before."

Surely if our Postmaster General will carefully review the mass of mail that we have received in response to our question concerning delivery, he will readily find where the trouble lies. What astonishes us most is that some of the big National Business Men's organizations or Associations have not long ago made strenuous efforts to put our postal service on a thoroughly business basis, all of which means service to the public in a thorough and proper manner.

## Gum Or No Gum

Seems to me, we stamp collectors might take a leaf from

the code of the precancel collectors. If you read any of their journals at times or ever get to talking with a bunch of them you will hear or see reference to "Bathtubbing." This merely means that the precancel boys wash the gum from any precancels which come to them over the P. O. windows as it is illegal to have precancels which are not used ones, that merely means, precancels which still have the gum on them. Thus the leading precancel collectors know that washing the gum from their stamps is the right thing to do, since when that is done the stamps are recognized as having been used in the proper manner.

I am sure any of these collectors would be able to tell you that their blocks stand up and hold together better than any blocks of other stamps they may have which have gum on them.

A bit of support for degumming stamps comes from a man who is well known to most of our readers and his experience should be a warning to you who worship gum. Let us just quote a letter from our mutual friend Cap Townsend, who says:

"You already know that I am most heartily in favor of your present fight against the nonsense of our collecting gum and ruining our stamps. Am still more with you after reading a letter just received from my son in Brazil.

"Have just taken my U. S. album out of a trunk and unwrapped it. In spite of the fact that all my mint stamps have been powdered as fast as I get them, I find that the humidity here has gotten in its work in spite of the protection given the album and I find all my blocks stuck down flat, besides beginning to turn to a delicate brown around the perforations, something I cannot understand. I shall sell the collection as it is, and start over again with a new album and not a mint stamp with gum on it."

Keep up the fight, urge other publishers and your Philatelic Society to discuss this matter and to pass a resolution expressing the opinion of the membership.

## Admission Fees To International Show

The Executive Committee of the Century International Philatelic Exhibition announced that it had decided upon the fees to be charged for admission. Season passes will cost \$5. Single admissions, will cost 50 cents. School children, when accompanied by a teacher during specified hours, 15 cents; children, at other hours, 25 cents. All charges are inclusive of tax. Members of the association and participants at the show will be given an opportunity of obtaining special admission tickets for distribution to clients. These tickets will cost five cents apiece when purchased in lots of 100 at least two months before the show. The tickets will be imprinted with the name of the purchaser, and for each one turned in at the exhibi-

tion by the person for redemption at 35 cents apiece. In this way, dealers who wish to distribute complimentary tickets to clients will have to pay 40 cents apiece only for those that are actually used.

## Boy Scouts Of China

From one of our correspondents in China, Mr. James Tong at Changsha, in Hunan Province, we have the above cover which was issued in 1934 and pictures a map of China with a group of Boy Scouts and the American Flag superimposed over the map. This is certainly an unusual and attractive piece and gives ample evidence that stamp collecting even in the special and cachet cover form is rampant in China as well as in the United States. Being unable to read Chinese we are unable to translate the inscription which is doubtless in proper keeping with the illustration on the cover.

## VOX POP

San Francisco, Nov. 10, 1946  
My dear Mr. Linn,

In your paper "Linn's Weekly Stamp News" of Oct. 31, you have an article about a stamp play to be given by "Dr. Christian" in the person of Jean Hersholt, the actor.

Yes, I heard the play and want to say that the author, the judges who considered it a prize play—even Jean Hersholt evidently knows absolutely nothing about stamps and the play was absurd! The very first thing a beginner learns, is not to touch stamps with his fingers—to use tongs—well, in this play we have a man who has collected priceless stamps and knows everything that goes to make a perfect philatelist, suddenly becoming blind, yet, day by day, and day by day, he fingers these priceless stamps until he "feels" the paper, knows each stamp by touch, (how ridiculous) so when his family (on account of poverty) finally sells these rare specimens and substitutes others, he can feel the difference. The ending is immaterial.

To give a prize to somebody who knows nothing about his subject is more than I can understand, because Jean Hersholt always says, know your subject before you submit a play. For those stamp collectors who did not hear this story, they were saved a great annoyance.

Sincerely,  
Mattie Lois Fest

**FDR Covers That Will Become Historic**

The above two covers are in the coming Harmer sale of the balance of the Roosevelt collection. See article below for description and details of these remarkable souvenirs.

**Fourth And Final Roosevelt Sale Is On December 17, 18**

The last chance for philatelists and President Roosevelt fans to obtain souvenirs of his famous stamp collection will be on December 17th and 18th when H. R. Harmer, Inc., the international stamp auctioneers of 32 East 57th Street, New York, offer the 542 lots comprising the fourth and final sale of the series.

Much of the auction consists of envelopes sent to the President, not only from the United States, but from all parts of the world. The various methods of addressing the President are often most

amusing. No sender took more care in ensuring that the President be fully addressed than a resident of Holland who gave the President the following title:

"To: Very Much Grandiose Excellent Grandiose: His High Dear: His High Honorable His Excellency: His Esquire: His Reverence: The President of Government of a United States of America Roosevelt."

For the real Roosevelt fan the gem of the collection is a letter and envelope from, and in the handwriting of his mother. The letter sent from Stratford, Virginia on October 12th, 1935 reads:

"Dearest Franklin, They tell me that this envelope (sic!) will become valuable for a collection."

There is great excitement here, and your message will be read-Weather is perfect-I am not getting up till noon-Thinking of you always."

Mama The President's mother was right as the auctioneers consider that the letter will realize several hundred dollars.

Other rare and interesting items in the auction include a number of sheets and envelopes signed by the President, rare airmail stamps, a large quantity of stamps that came on Consular Correspondence from all parts of the world, letters with signatures of famous personages such as Henry Morgenthau, Amelia Earhart, Orville Wright, Sir Hubert Wilkins and many others. A total of \$10,000 to \$15,000 is expected, according to Mr. Bernard Harmer, the auctioneer.

**TALKING MAIL BOX**

During National Air Mail Week, postmaster Clark Wallace of Compton, California, had a street letter box in front of the main post office wired for sound and when one pulled down the lid to drop in a letter, the box would say, "Hey lady, only 2c more will send that letter by air mail." A real novelty and one that should get future results.

**A GREAT EVENT**  
 100 YEARS AGO, the first postage stamps were used in U. S. A. POSTMASTERS in 8 cities produced a variety of stamps.  
 WE CELEBRATE THIS EVENT with a special set of covers mailed from these cities: Alexandria, Va., Baltimore Md., Brattleboro Vt., Lockport N. Y., Millbury Mass., New Haven Conn. Providence R. I. and St. Louis Mo.  
 These "Adhesives" or "Prints" are faithful reproductions. Envelopes are hand made after the "style of 1840's" and the paper used for one cover was actually made 100 yrs. ago.  
 The New Haven Ct. Cover contains extracts from a letter written by Postmaster Mitchell telling all about his stamp, which appeared in the American Journal of Philately May 20, 1871.  
 The Brattleboro Cover, contains a similar letter from the same publication dated Jan 20, 1869.  
 U.S. President J. K. Polk was in office 1845-49, so we use the present 11c stamp on each cover. (Note this stamp not used in illus. as Pale Blue does not photograph)

## Goya, Famed Painter Of Duchess Of Alba, On New Stamp Of Spain

Altho not so famed in Philatelic circles as the Duchess of Alba, whom he painted in the nude, at the risk of a duel with the Duke of Alba, Goya, the painter is again featured on a set of three stamps from Spain.

We illustrate one of the three stamps, all being of the same design and in different colors and values. There is a 25c brown red, 50c green and a 75c blue. In the case of this latter stamp, Spanish collectors recognize two varieties, a dull blue and a deep bright blue. There were one million copies of

each of the first two stamps and but 500,000 of the 75c value in blue. Originally the 75c value was all printed in the light blue color. Due to ruination of so many of these stamps in the perforating process, an additional 50,000 copies were ordered printed and as so often happens, when they came out, it was noted that the printer had used an ink which was of a much deeper blue, thus the scarcity of this second printing. Curiously enough the short printing

of the 75c was the first to be placed on sale and were the stamps used on most first day covers.

The stamps bear besides the picture of Goya, dates 1746-1946. Our thanks to Carlos Lenz of Madrid for a first day cover and to M. Galvez, for information concerning the stamps.

## RARE COLOMBIAN INVERT

Only 100 Copies Known to Exist.

If this were a United States Error the price would run into several hundred dollars per copy and the entire offering of less than 100 copies would be snatched up quickly. Centering is as illustrated in this copy. But one single used copy on cover is known and this has been sold. See further details of this rare item in story in this paper with illustration of the cover. We have been commissioned by the owner to sell these stamps and when the few copies at hand are gone, no more will be available. This stamp is listed in your new Blue Scott Catalog as Number 537, but Scott did not know of the existence of this error in time to include in the catalog.

## Linn Unit Album Pages For 1945

It has been a slow and tiresome job getting these pages ready for those who have been wanting them. First we had great difficulty in getting what we believe to be an accurate list of the 1945 stamps that should have to be included to make the pages correct. Thus these pages contain spaces for all the ALLIED MILITARY GOVERNMENT stamps as well as the United States Stamps of 1945. After this matter was settled we had to acquire enough paper to print the pages and that was another problem. After the paper was acquired we had to coax the printer to get the job through and after that was done we had to beg a paper company to get us a supply of large envelopes for putting the pages up in sets. This is all done now. The pages, 22 of them in all for single copies and blocks of all stamps of 1945 are now ready for delivery.

These pages as users know are 8½x11 inch size, punched to fit the standard three ring binder of this same size. Paper is 28 pound ledger stock, of substantial weight and the pages are all neatly and properly laid out without any embellishment that becomes tiresome after page after page of such stuff is viewed. Many proclaim the LINN UNIT SYSTEM ALBUM PAGES as the best album pages for United States Stamps.

## Hunting For Treasure

by

WALLACE E. LeCOUNT

Rubies, diamonds gold and pearls,  
These are things to please the girls.  
Gems of quite a different kind  
Please the Philatelic mind.

Potentates have jewels galore,  
Spilling out upon the floor  
And precious stones in golden caskets.  
I find treasures in waste-baskets.

Higher values, blocks perhaps,  
In among the trash and scraps.  
Lightly cancelled recent issues,  
Thrown among old cleansing tissues.

Rarities? I may find some,  
Mixed in with the chewing-gum.  
An imperf. or a rare invert  
May be hidden in the dirt.

These are hazards one must chance,  
So search with care, not just a glance.  
Its worth a little extra trouble  
To dig way down among the rubble.

Who's Who On Navy!  
Here's How To Prove  
Your Claim To Fame

Only eleven grinning faces appeared on the 3c stamp honoring Navy enlisted men which was issued last October, but hundreds of sailors and ex-sailors have taken one look at the stamp and shouted "that's me".

When a new stamp is issued with a group picture on it, like the Navy Stamp or the Army Stamp, hundreds always turn up who claim their picture is on it. Unless the sailor was stationed at Corpus Christi Naval Air Station in Texas in 1941 and was in a Navy Group picture in undress whites taken by the Detroit Free Press photographer, Bob Towers, who was then a Pho-M-1c, they won't have any chance of establishing a claim.

Hil F. Best, Director of S. P. A. and President of the Michigan Stamp Club has secured an official USN Photo taken by Towers at Corpus Christi from which the stamp was made. The stamp shows a group of eleven bright young looking Americans—all sailors. Of course this picture was only one of scores of Navy photographs taken during the war and this famed Detroit Free Press photographer made this one that caught the fancy of the Navy and had it used on the stamp. It is true only a portion of Towers big photo was used but the portion used can be used

for identification, altho over 60 faces are shown on the official photo.

Now getting back to the Navy Stamp which has been used upside down more than any other stamp in the world, Best has figured out a way to get on a stamp or check faces on this or any stamp. First the easiest and most accepted way to get on a stamp is to become President of the United States but then there is the disadvantage that you have to die in order to make it. Being an Old Navy man himself, Best has a son who spent nearly four years in the Navy, says that the easiest way to get on a stamp is to join the Navy, manage to get in front of Bob Towers' camera and then have that picture accepted for use on a Navy Stamp, of course that's a Navy angle, and the Best angle.

This particular stamp, honoring Navy enlisted men for their part in World War II has Best and Towers also wondering how many of these Navy boys achieved in service the one qualification that ordinarily is needed to appear on a stamp—death, pictures lads of the Navy Air Service and some are among those who made Naval air victories possible.

In the interest of accuracy, Best is going to endeavor to establish, without question, claims of every boy or his family that he is on the stamp. Always a great honor and usually held only by the Commander-in-Chief in this country after his death.

From the original picture, Mr. Best with the help of Bob Towers will be able to identify any boy. Here's the procedure. Anybody wishing to establish the identity of any sailor should write Hil F. Best at 131 West Lafayette, Detroit 26, Michigan sending some proof of service at Corpus Christi in 1941. Being that Mr. Best is a collector of Philatelic material, it would be a good thing to send an envelope that the boy used from Corpus Christi—enclose a

photograph or a snap shot which is a good likeness, preferably one taken around 1941 and if possible tell the circumstances of the picture being taken and the approximate size of the group. All of these angles will be checked and later each face will be identified.

Announcements will be made as soon as all parties in the photograph have been identified and this will be the first time a group picture on any stamp has been positively identified.

This should, once and for all, end all the claims and clamor to get on the Navy Stamp and it is only right that the eleven good-looking young sailors who were lucky enough to be caught by Bob Towers should be definitely brought to light and their true standing outlined to the philatelic world. Anyone with any information or claims are invited to write Best.

EDITOR'S NOTE—No use in looking at the stamp to try for identification as the engravings are not so accurate as the picture shown with this article. Consider only the pictures, shown in the outlined portion, but if you find yourself in the other part of the picture, maybe you can help in identifying some of the "boots" in the part of the picture that is used for the stamp.

2c OR \$300.00!

Can you tell the difference between Flat Plate and Rotary Press printed stamps? 99 out of 100 collectors can't. Even experts have difficulty classifying the various stamps printed by these two methods. Yet, of two identical appearing U. S. stamps, one a "Flat Plate" (#552) catalogs 2c, the other, a "Rotary" (#594) catalogs \$300.00.

Now, you can be sure all your stamps are correctly classified, as we have devised a bicolored, pocket-size gauge, for distinguishing between these issues, and it's yours absolutely FREE. Postage appreciated.

A selection of our Popular general approvals will accompany the gauge, unless directed otherwise.

TRYING TO PUT UNION LABEL ON OUR POSTAGE STAMPS

While we have not yet heard of any effort of Union members to put the Typographical Union Label on our postage stamps, they have come pretty near to doing this with a cancellation used at the National Federation of Postal Clerks Exhibit held in St. Louis recently.

Mr. R. Baker of St. Louis, sends us a cover which has the usual circle with town and date and at the right of this for the "killer" part of the cancel are two lines, between which are the words, "A F. L. UNION LABEL AND INDUSTRIAL EXHIBIT."

## AUCTION SALES

J. AND H. STOLOW 50 WEST 46TH STREET NEW YORK 19, N. Y.

# A WHITE ELEPHANT

During the recent war years, Gimbels Stamp Department in New York City sold several million pieces of printed stationery, Letter sheets 6x9 inches and envelopes of the standard size, all beautifully lithographed in several colors, with patriotic pictures. Many of these will find their places in collections of the future and some will be of considerable value in such collections.

When the war ended there was no further need for such propaganda and Gimbels found themselves with a WHITE ELEPHANT on their hands. A WHITE ELEPHANT in the form of a great big room stacked full of nearly three million pieces of this stationery and envelopes. Mr. Minkus, the manager of this big stamp department, wanted to clean all of this up in a hurry as he had need for the room.

When Mr. Linn was in New York early in the spring of this year, Mr. Minkus showed him this big lot of stationery and offered it to him at such a price that we felt certain that there would be thousands of our readers who would be delighted to buy some of this fine stationery for usual correspondence needs. The price would be at a fraction of what it was originally sold. We bought this WHITE ELEPHANT and it required a complete freight car to ship it to Sidney. The freight and shipping cost alone run to almost \$300.00.

Since obtaining this material we have had our quarters piled high with this stationery, all put up in big cartons after being enclosed in fine boxes and portfolio containers. We now have this WHITE ELEPHANT on our hands and have disposed of a lot of the carcass thus far but still have a tremendous quantity which, like Mr. Minkus, we now want to move out. We have sold enough, at a small profit, to cover our freight and handling cost. We are now going to cut the price down to the very lowest level with the hope of moving the rest of this WHITE ELEPHANT promptly.

At the prices quoted below, we feel this material should move very fast for you cannot buy blank paper so cheaply as we are now offering this beautiful stationery which makes splendid correspondence paper for stamp collectors. Your correspondents will be glad to receive letters from you in these fine patriotic envelopes.

## HERE IS OUR NEW OFFER

Originally, these letter sheets and envelopes were packed in substantial strong boxes or folders of a unique design. We are going to remove them from the boxes and folders to cut weight and shipping cost. In this manner they will cost you less.

Most of the material was originally priced on the basis of 60 sheets of paper and 60 envelopes for \$1.00. Bear that in mind in considering our offers below, for our prices are based on multiples of 60 sheets and 60 envelopes which originally cost \$1.00.

### HERE ARE THE NEW PRICES

300 sheets of paper and 300 envelopes, equal to five lots as originally sold by Gimbels. Their price was \$5.00. Now..	<b>75c</b>
900 sheets paper and 900 envelopes, Gimbels original price was \$15.00. Our new price.....	<b>\$1.95</b>
1500 letter sheets and 1500 envelopes. Gimbels original price was \$25.00. Our new price.....	<b>\$3.00</b>
3000 letter sheets and 3000 envelopes. Gimbels original price was \$50.00. Our new price.....	<b>\$5.50</b>
6000 letter sheets and 6000 envelopes. Gimbels original price was \$100.00. Our new price only .....	<b>\$10.00</b>

Never again will you be able to buy so much for so little. The above lots will be stripped from the original boxes, packed in cartons for shipment and sent by EXPRESS COLLECT to every buyer. You never will see fine paper and envelopes so cheap again. At these new lower prices you should be able to lay in a supply to last you for a year or more, but do not delay as thousands should want to get in on this splendid deal and those who wait too long may be left out. Order today.

## What Do You Want To Know?

The Board of Governors of the Precancel Stamp Society are contemplating publishing a new edition of the ABC's of Precancel Collecting. The booklet is intended primarily for the beginner in Precancels or the novice and although quite a few of the readers of this column are veteran Precancel collectors others are not. And although I have tried to answer the questions from time to time I know I have not quite met the demand. This I know is due to the ever changing reader turnover and in order to not rehash something too often, I let some things go too long. So if you are interested any in precancels I ask you to take time out and write down just the things you would like to know in your own words about PRECANCELS. ### STAMPS—WOW

**By Emma Hawley, Stamp clerk**  
San Diego, Calif.

Green stamps, red stamps,  
Stamps of purple hue,  
Blue stamps, tan stamps,  
And stamps of yellow too.

Plate blocks, singles,  
Strips across the sheet,  
I save them for collectors,  
They come from every street.

Ski stamps, tree stamps,  
And stamps with bulbs of light;  
I'm looking for an error  
Have you the "upper right"?

Air stamps, Fair stamps,  
And shades of William Penn,  
Just look into our gallery  
Of very noted men.

Plain colors, two tone,  
Red with blue or black.  
Sports are represented  
With a sprinter on the track.

Sheet stamps, bound stamps,  
Stamps put up in coils,  
Over many details  
The earnest stamp clerk toils.

Small lads, tall lads,  
Folks from every age;  
Feel the subtle charm of stamps,  
Then stand before my cage.

Two stamps, three stamps,  
I try to please the throng;  
Wherein this mystic lure of stamps  
Sing me your siren song.

—Union Postal Clerk

**Wash Off The Gum And Save The Stamps**  
This is the first time in my life I have been moved to write an Editor. In the past I have been content to sit back and read the opinions and comments of others and accept them or reject them as I saw fit. But now I feel so strongly about a matter which you have brought up that I feel it is only right that I should write and tell you how much I AGREE with you. Your campaign to 'Remove the Gum and Save the Stamps' has my wholehearted endorsement. Trying to keep the gum on stamps and handle them in this damp salty Florida climate is certainly a problem and every member of the St. Petersburg Stamp Club that I have discussed this matter with is of the same opinion that he would soak off the gum if everyone else would.

Only yesterday I talked to a local collector who stated he had a number of nice mint blocks which had stuck fast to the glassine envelopes in which they had been placed. He stated definitely that he intended soaking the gum off of every mint stamp he owned and it was his opinion that if this decreased their value a few cents each that the ability to preserve them longer by removing the

gum would more than offset any decrease in value.

Yes, the other stamp papers are interested in aiding collectors in ridding themselves of this gum fetish also and I think this is a fine time for you editors to get together with a definite program which will be of tremendous help to the hobby. I for one will join in a pledge to soak the gum from every mint stamp I own, and mint commemoratives are about the only stamps I sell. I feel so strongly that gum should be removed from 'collectable' stamps that I am ready to purchase any U. S. Commemoratives which have no gum. As a member of the SPA I am going to advocate that the Society should go on record as favoring the removal of gum from stamps and that members should pledge themselves to purchase only stamps from which the gum has been removed. Good luck for your efforts.

**Bronx Club Promotes Junior Stamp Club**

The Bronx Junior Stamp Club (N. Y.) which has just been organized under the sponsorship of the Bronx County Stamp Club, has elected the following officers: Lloyd Rubin, president; Martin Rosenberg, 1st vice-president; Boris Astrachan, 2nd vice-president; Melvin Kraft, secretary; and Jacques C. Shift, Jr., treasurer.

This new junior group meets every Friday evening at public school No. 90, in The Bronx. The committee from the Bronx County Stamp Club, who are acting as advisors, are Isadore Willinger, Allyn H. Wright, Jack Hoffberg, Ned Rosenberg, and Edward Kuhlman.

The Bronx County Stamp Club (BIPEX, Inc.) of N. Y., continues to meet every Monday evening, at 120 east 149th St. It now has larger quarters which better accommodate the large crowds now attending. Visitors are always welcome, especially out-of-town collectors.

**FOR SEAL COLLECTORS**

We are informed that those persons interested in Tuberculosis Christmas seals may procure many of the last twenty years issues from the Public Health Association, 808 South Peoria Avenue, Tulsa, Oklahoma. We understand that full sheets from 1924 to 1946 (except the years '38, '40, '41, '42) may be obtained at the regular price of \$1.00 per sheet, certified check or money order to Miss Goldie Davis, Director at the above address.

**SUGGEST STAMP HONORING PHILATELISTS FOR 1947**

The Farley Stamp Club of Collegeville, Indiana, has suggested to the Post Office Department that a postage stamp honoring our hobby would be quite an appropriate stamp for issue in 1947, the centennial year of our first postage stamps. Not a bad idea boys, lesser things have been so honored.

**USED AIRMAILS**  
If you prefer stamps with a sound philatelic future and want to enjoy the "thrill of the chase"—collect used Airmails. Booklets with many low and medium-priced—but elusive—items sent on approval to responsible collectors.

**Armaster Covers Make Great Progress**

We have word from Capt. Fluegel, of Washington, that he stopped off at Louisville, to spend a few hours with Bob Schmidt, the producer of the new and popular series of Armaster Covers for First Day issues.

Cap states that the tremendous success that Mr. Schmidt has had with these covers is tempting him to close up his Drug Store and retire to become a full fledged stamp man.

This is all possible because of the extremely fine work he has been doing and proves that the collector will appreciate something fine, even tho it may cost a few pennies more. This is as it should be and always has been. Super superb quality always finds enough people who want that kind of goods to make such business successful.

**HITLER CARRIES OUR MAIL**

Yes, it happened. We have a letter from Glendale, Calif. bearing as postage a copy of the last of the Hitler stamps, the 6 pfennig purple. It bears the usual cancellation and came through from Glendale in regular order and was delivered to our mail box. It just seems that they can't catch that guy.

## GIMBELS - BUILDERS OF GREAT STAMP COLLECTIONS

In a cross-roads store at Vincennes, Indiana, more than 104 years ago, Adam Gimbel hung this legend over his counter—"We are not satisfied unless our customers are." And for fifteen years this legend has been the watchword of Gimbels Stamp Departments. Stamp collecting is a friendly hobby and thousands of collectors soon learned that at Gimbels they received friendly, helpful service from a staff dedicated to customer satisfaction. They know that at Gimbels they will receive patient and courteous attention to their stamp problems—from a sales force of fellow collectors—yes, fellow collectors, whose long and varied experience enables them to smooth the path of the beginner or even the specialist.

The steady growth of Gimbels Famous Stamp Departments for the past fifteen years is the product of our policy to satisfy all of our customers—because here the youngster with his dime to spend is assured the same courtesy as the oldtimer standing at his shoulder waiting to see a thousand-dollar rarity.

The front page editorial of our September "Stamp News," was entitled—"Gimbels—Builders of Stamp Collections." We have been thinking of some of the collections we have helped to build and what they have come to mean to their owners:—relaxation for over-wrought nerves; companionship in lonely

hours; a Scout merit badge; a magic carpet to far-off places for the shut-in; a pleasurable leisure time before bed; solace and forgetfulness in time of sorrow—these are but a few of the things a Gimbel built stamp collection can mean—and any one of them, regardless of its size or value, is a great collection.

On the back page is a detailed account of Gimbels Famous three point Approval and New Issue Service, fill in the blank spaces on the special forms, so that you, too, will come to know **Gimbels—Builders of Great Stamp Collections.**

You might like to start off with a special album issued in honor of America's greatest stamp collector, the late President Franklin D. Roosevelt, or you might think of someone dear to you to whom you would like to present one of these special Roosevelt Memorial Albums. They are a lasting gift, and will be appreciated for years and years to come, and you might even start your friend off on a hobby that will be appreciated for the rest of his or her life. Or if you prefer, there are some special items from the President's own collections on the following pages that would make an excellent addition to your own or a friend's collection. We are sure you will enjoy looking them over, and also enjoy reading the entire content of this greatest list ever issued by any stamp organization.

For a Christmas gift that any airmail or cover collector will appreciate, be sure and get one or several of these fine airmail covers that once reposed in the famous collection of the late president.

During the year 1938, the week of May 15th to 22nd, was designated as National Airmail Week, and special flights were sponsored from practically every city, town, and village in the United States. Many of the flights were special pick-up service from small towns never hitherto reached by airmail service. The collection of the late President contains airmail covers of this national event from hundreds of towns and cities. All covers are addressed to the President, each cover has attractive cachet, and many of the covers are autographed by the Postmasters of the various towns sponsoring the flights. Beside the regular collector, airmail collectors should not pass up the opportunity to secure some of these Airmail covers from Roosevelt's Famous Collection.

### PRESENTATION COLLECTION FORMED BY ARCHIBALD F. McNAB

The collection is mounted on eleven album pages and contains 275 stamps. The Silver Wedding stamps of 1894 are on original covers as well as mint stamps of that issue. There are gutter blocks of the 5s stamps of 1896, a registered cover, dated Toyko, August 3, 1900, blocks of some of the values of the 1899, as well as the 10s, 15s and 20s, in unused pairs, a mint copy of the 1 yen carmine and the Imperial Wedding Issue of 1900, in mint blocks of four.

There is much correspondence included with the collection about McNab being sent to Toyko, by Lloyds and given a Government title of Chief Marine Engineer by the Japanese, and subsequent events.

The collection was sent to President Roosevelt, December 2, 1941, by A. McLean Hawks and probably reached him December 5th, just before Pearl Harbor. An interesting part of Mr. Hawk's letter is a few lines suggesting that he knew of three matters that seemed to be of value to our country at that time (December 2, 1941). There seems to have been a very good reason for the President's alleged hoarding of duplicates. This album page, which has 7 copies of the 13 sen olive brown or bistre brown. The 12 copies of the 2 sen deep green and light green and intervening shades seems to prove this point; 9 copies of the 6 sen carmine and 12 copies of the 10 sen of the 1926 Pictorial issue tend to show that the late President did not want to part with a stamp until he had all shades represented, so he put them all in his album until he got time to sort them. United States Plate Number Blocks

All unused blocks of four unless otherwise indicated.

Practically all of the items are represented by a variety of numbers, and we can supply the same blocks or strip in two or three different numbers. The same applies to the matched sets (all four positions of same plate number.) If you collect blocks in more than one number or position here is your opportunity to secure the items you have been looking for. Be sure to include a supplementary list.

## CORONATION STAMPS

Shortly after the Silver Jubilee of King George V, Britain's monarch was taken in death, and succeeded for a brief spell by his eldest son—the Prince of Wales—who was named Edward VIII. Before the coronation ceremonies King Edward VIII renounced his throne so that he might marry an American woman. Thus the rule of an empire passed to his brother who became King George VI. To overcome any possible hostility it was decided to issue a short set of stamps for every Dominion and Crown Colony marking the Coronation ceremonies which were held in 1937. Gimbels Famous Stamp Departments are able to offer the complete mint set of these coronation stamps, in singles for.....\$22.00

## PROFIT IN POSTAGE STAMPS

By Thomas Young.

Extensive research into the price fluctuations of the past four decades are used as the basis for this book—unusual in that it is one of the few serious approaches made to the ticklish problem of investment possibilities in stamps. The studies have been confined to mint United States stamps of the 20th century.

The nature of philatelic investment, regular issues versus commemoratives, high values as compared to low values and the wartime "boom" and the future are among the important points covered. All collectors interested in the monetary aspects of stamp collecting should have this book, priced at.....\$1.50

# GIMBELS OFFERINGS of COVERS

## EARLY AND FIRST DAY UNITED STATES COVERS

Gimbels has a large stock of First Day Covers. Our prices are in most cases much lower than current market prices—in the case of more recent commemoratives we have a large variety of covers on different cacheted designs—If you are a specialist in this type of material you may order several different designs of each issue if you like—Write and let us know your needs.

### EARLY U. S. COVERS

These are NOT First Day Covers but do show early use. Most 19th century covers do not have the year date in the cancellation. The ones we offer show the year date clearly and the condition is unusually good for early covers.

## Gimbels 3 Point Approval Services

The beginner with his first album, the advanced collector with his specially series albums, and the dyed in the wool specialists with his shelf of carefully arranged blank albums—all find Gimbels 3 point approval services the easiest and most economical way to build their collections.

## POINT 1.—SELECTIONS OF STAMPS BY COUNTRY

If your collection is 10,000 or less, ask for a selection of stamps from the countries which interest you most, or wherein you have the poorest showing. These selections are made up of stamps of medium and higher catalogue value which are not generally found in stamp Packets. These selections are built to your specifications. Just give us the names of the countries, whether you want your stamps mint or used, and the maximum cost per selection.

## POINT 2.—WANT LIST SERVICE

For the gaps in your collection which you have often wanted to fill, but have never been able to find time enough for the search. Send us the list of these stamps, arranged by country and catalogue number, and let us dig them out of our bulging stock books, which are crammed with thousands of hard-to-find sets and single stamps. Make the list as long as your arm if you choose, our only requirement, and this you will agree is reasonable, is that your want list have a minimum catalogue value of \$3.00.

## POINT 3.—NEW ISSUES SERVICE

To keep your collection up to date, it brings all of the new stamps to you for your collection shortly after their issuance. The cost is nominal, and our agents throughout the world will be glad to include your sets as they rush them to the world's largest stamp departments.

Why not open a Gimbel charge account and join the thousands of enthusiastic collectors who now receive their 3 point approval selections from Gimbels' famous stamp department twice each month.

Complete the forms below and enjoy the thrill of your first selection within two weeks.
